Warrant For Annual Town Meeting

COMMONWEALTH OF MASSACHUSETTS
FRANKLIN, SS:

To either of the Constables of the Town of Whately in the
County of Franklin:

GREETING:

In the name of the Commonwealth of Massachusetts you
are hereby directed to notify and warn the inhabitants of said
Town, qualified to vote in elections and in Town affairs, to
meet in the Town Hall in said Whately, on Monday, the six-
teenth day of February next, at 11:30 o'clock in the forenoon,
then and there to act on the following articles:

ARTICLE 1. To choose by ballot all necessary Town Of-
ficers for the ensuing year: Moderator, Treasurer, Town Clerk,
one Selectman for three years, one Assessor for three years,
one School Committee for three years, two Library Trustees
for three years, one Cemetery Commissioner for three years,
Auditor, Tree Warden, Elector under the Will of Oliver Smith,
and Constables.

ARTICLE 2. To raise and appropriate such sums of
money as may be deemed necessary to defray the expenses
of the Town for the ensuing year.

ARTICLE 3. To see if the Town will authorize the Treas-
urer, with the approval of the Selectmen, to borrow money
from time to time in anticipation of the revenue of the financial
year beginning January 1, 1953, and to issue a note or notes
therefor, payable within one year, and to renew any note or
notes as may be given for a period of less than one year, in
accordance with Chapter 44, section 17, General Laws.

ARTICLE 4. To see if the Town will vote that the Selectmen be authorized to prosecute and defend all suits that may be brought in behalf of, or against, the Town, and employ counsel for same.

ARTICLE 5. To see what the Town will do with the money received from the County called the Dog Fund.

ARTICLE 6. To see if the Town will vote that the Cemetery Commissioners be authorized to act as Sextons, their compensation for cemetery work and opening graves to be fixed by vote of the town.

ARTICLE 7. To see if the Town will vote that the Collector of Taxes be paid on a salary or on a commission basis, the salary or commission to be fixed by a vote of the Town.

ARTICLE 8. To see if the Town will vote to fix the salaries and compensation of all elective officers of the Town as provided by Chapter 41, section 108, General Laws; Selectmen, Assessors, Moderator, Town Clerk, Treasurer, Auditor, Collector of Taxes, Elector under the Will of Oliver Smith, Tree Warden, Constables and School Committee.

ARTICLE 9. To see if the Town will raise and appropriate the sum of \$3,000.00 for the maintenance of highways under the provisions of sections 26-29 of Chapter 81, General Laws, and amendments thereto.

ARTICLE 10. To see if the Town will raise and appropriate the sum of \$750 for the maintenance of highways under Chapter 90, General Laws, said money to be used in conjunction with State or County funds, or both.

ARTICLE 11. To see if the Town will raise and appropriate the sum of \$2,000.00 for improvement of Haydenville Road under the provisions of Chapter 90, General Laws, said money to be used in conjunction with State or County funds, or both.

ARTICLE 12. To see if the Town will vote to appropriate from Surplus Revenue the sum of \$12,000 for the financing of State and County grants for highway work, reimbursements when received to be returned to the Surplus Revenue account.

ARTICLE 13. To see if the Town will vote to transfer from Surplus Revenue the sum of \$88.99 to Fire Department Reserve, this being the unexpended balance of 1952 Fire Department appropriation.

ARTICLE 14. To see if the Town will raise and appropriate the sum of \$150 for Memorial Day Observance under the auspices of the American Legion Post of Whately.

ARTICLE 15. To see if the Town will appropriate from S. White Dickinson Library fund income, the sum of \$2,200 for the operation and maintenance of the S. White Dickinson Library.

ARTICLE 16. To see if the Town will vote to continue the Public Health Nursing District, comprised of the towns of Whately, Sunderland and Ashfield.

ARTICLE 17. To see if the Town will raise and appropriate, or transfer from available funds, a sum of money for the improvement of the sewage systems at East and Center schools.

ARTICLE 18. To see if the Town will raise and appropriate the sum of \$500 for repairs and redecoration to the Cafeteria room at East school.

ARTICLE 19. To see if the Town will vote to authorize the Selectmen to settle and compromise the claim of the Town against Mrs. Anna Zaskey for damages to the Flavin bridge, so-called, on Claverick Road, and determine the minimum amount which the town will accept in settlement of said claim, and authorize the Selectmen to execute releases in connection therewith.

ARTICLE 20. To see if the Town will vote to repair the Flavin bridge, so-called, on Claverick Road, and raise and appropriate, or transfer from available funds, a sum of money therefor.

ARTICLE 21. To see if the Town will raise and appropriate or transfer from available funds, the sum of \$11,500 for the purchase of a new fire truck, and instruct the moderator to appoint a committee of three to act with the Selectmen to draw up specifications, advertise for bids and award a contract for same.

ARTICLE 22. To see if the Town will vote to authorize the Selectmen to trade in, or sell, the No. 1 fire truck, after the delivery of the new truck.

ARTICLE 23. To see if the town will vote to authorize the Selectmen to lease to Arlene Roote Waite for a term of five years from March 1, 1953, certain land owned by the Town adjoining the Town Hall.

ARTICLE 24. To see if the Town will vote that the Assessors use a sum of money from Surplus Revenue, in addition to the amounts specifically appropriated elsewhere, to reduce the tax rate of 1953.

Polls will be open for voting from 11:30 A. M. to 7:00 P. M.
Business meeting will start at 1:30 P. M.

And you are directed to serve this warrant by posting up attested copies thereof at two public places in said town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Town Clerk, at the time and place of meeting aforesaid.

Given under our hands this fourth day of February in the year of our Lord one thousand nine hundred and fifty-three.

PATRICK L. BRENNAN
CHARLES N. BALDWIN
JOSEPH CHUTKOSKI

Selectmen of Whately

(This copy of the warrant is for information only, and may be added to or deleted prior to posting)

Town Clerk's Report

The Vital Statistics for the Town of Whately for the year 1952:

Paid F. Lyndon Scott, Town Treasurer			\$276 80

Respectfully submitted,

ARLENE ROOTE WAITE,

Town Clerk

Selectmen's Report

To the Citizens of Whately:

In accordance with the requirements of the General Laws of the Commonwealth of Massachusetts, we herewith submit our report for the year ended December 31, 1952.

Re-construction of the Haydenville road was continued during 1952 and a considerable distance was widened and improved under Chapter 90. It is proposed to continue this project in the coming year and additional funds from State and County are anticipated. Maintenance under Chapter 81 was mostly routine, and it is hoped more roads may be improved with these funds in 1953.

In the matter of the damaged bridge on Claverick road, we have conferred with the insurance adjustors, and have an offer of settlement which will be presented to the town meeting for approval. Also there will be an article regarding the repair of this bridge for the consideration of the voters.

Under activities as Board of Health, we have had cases at Hampshire County Sanatorium and at Rutland Training Center, the latter completing training in January, 1953, and expected to become self-supporting in business life.

Public Welfare, as always, has been a costly matter, but only in the new category of Disability Assistance has there been any substantial increase in case-load or costs. Incidentally, the report of the agent does not show net costs to the town, since State reimbursements are not included in that report, hence the following data is submitted:

Old Age Assistance, total expended		\$18750 90
U. S. Grants received	\$7557 38	
State reimbursements	7658 58	
Reimbursements from other towns	16 33	
	<hr/>	15232 29

Net Cost to town \$ 3518 61
or less than 20% of expenditures

Disability Assistance: total expended		\$3460 73
U. S. Grants received	\$ 590 00	
State reimbursements	1344 70	
	<hr/>	1934 70

Net cost to town \$1526 03
or about 44% of expenditures. This percentage will be reduced upon complete auditing of 1952 payments by the State Welfare Department, since it is several months behind in completing reimbursements.

We had no Aid to Dependent Children during the year. Administration costs were less than anticipated, as reimbursements by Federal and State were brought up-to-date, and will probably continue to be received regularly in the future.

Appropriation requests, so far as this Board has control, are not substantially increased.

Respectfully submitted,

PATRICK L. BRENNAN
CHARLES N. BALDWIN
JOSEPH CHUTKOSKI

Franklin County Retirement System	
(assessment)	562 84
Veterans' Service Center	150 00
(assessment)	—————\$101547 84

The School Committee again requests funds for improved sewage disposal systems at both schools, and it appears quite imperative that something be done as soon as possible. However, your Board feels that the proposed plans can be modified so as to be completed at less cost than the sum submitted, and the School Committee has been asked to get new figures before town meeting. A special article will be presented on this item.

The Fire Department has submitted tentative proposals for a new fire truck to replace the present #1 truck, which is over-age and subject to condemnation by the Board of Fire Underwriters. While the cost of approximately \$11,500 seems large, we believe that the value of fire protection provided by our department has been demonstrated, and in view of the good financial condition of the town at this time, we recommend that this matter be given every consideration. An article will be in the warrant for this purpose.

We recommend the putting of the damaged bridge on Claverick Road back into usable condition, but the selectmen are unable to furnish an estimate at this time. These figures will be available at the town meeting.

No changes in Town Officers' compensation are asked for, and the following recommendations for 1953 are submitted:

Moderator	\$ 25 00
Selectmen, chairman	300 00
2 members at \$150	300 00
Auditor	100 00
Treasurer	400 00
Collector at 1½%	1100 00 (estimate)
Assessors, chairman	250 00
2 members at \$200	400 00
Town Clerk	100 00
Registrars 3 at \$25	75 00
Clerk at \$50	50 00
Constables and Police	100 00
Elector under Smith Will	10 00
Appointive Officers:	
Bookkeeper and clerk to Selectmen	600 00
Town Counsel	150 00 (estimate)
Assistant Registrar	75 00 (estimate)
Election Officers	55 00 (estimate)
Sealer of Weights and Measures	100 00
plus fees	75 00
Dog Officer	35 00
Fire Chief	100 00
	<hr/>
	\$4400 00

The recommended salaries for School Committee are unchanged, and are included in the school budget:

Chairman	\$125 00
Secretary	150 00
Third Member	100 00
	<hr/>
	\$375 00

Respectfully submitted,

HOWARD R. WAITE, Chairman
PAUL F. FIELD, Clerk

 Collector of Taxes

Auditor's Report

To the Citizens of Whately:

I present my 20th annual report on the books and records of the various Town Officers:

The Treasurer has paid orders as follows:

Selectmen's Orders	\$ 96977 99
School Committee orders	42592 28
<hr/>	
Total Payments	\$139570 27

Details of these expenditures will be found elsewhere in this report.

The Treasurer has in his possession and due the Town of Whately, on December 31, 1952, the sum of \$74,083.24. The cash on hand has been verified by actual count of money in the Treasurer's possession and an examination and reconciliation of the depositary bank's statement.

The securities and bank books comprising the investments of the various trust funds and investment funds, totaling \$125,-296.58, have been carefully checked and found in order. No sales or re-investment occurred in 1952.

The Tax Collector's records have been closely examined and found to be in excellent shape. All taxes prior to 1952 have been collected in full and only about 13½ per cent of the 1952 property taxes are still outstanding. Motor Vehicle commitments were substantially lower, since not all cards were received from the

Commissioner's office by December 31st. Quite a considerable commitment of 1952 M. V. E. will be necessary in January, 1953. Practically all M. V. E. committed has been collected, and all 1952 Polls are cleared up.

"Free Cash" has been substantially increased, due to unusually large receipts from taxes and outside sources, and the town is in exceptionally good financial condition at this time.

Respectfully submitted,

PAUL F. FIELD,

Town Auditor

Assessors' Report

To the Citizens of Whately:

The Board of Assessors is herewith submitting its annual report to the inhabitants of the Town of Whately. Let us start this report by giving you a summary of the Assessed Valuations of assessible property in the town:

Assessed value of Real Estate	\$1032530 00
Assessed value of Personal Property	203260 00
Total Assessed Values	<hr/> \$1235790 00

This represents a gain of: \$18149 00

Tax Rate of 1952 \$47 00

Number of Polls assessed	364
Number of Horses assessed	53
Number of Cows and Cattle assessed	624
Number of Swine assessed	41
Number of Fowl assessed	3300
Number of Sheep assessed	13
Number of Dwellings assessed	257
Acres of Land assessed	12335
Number of Motor Vehicles assessed	464
Value of Motor Vehicles assessed (Commissioner's value)	\$171270 00
Town Grant	109216 06
State Parks and Reservation Tax	168 99

State Audit	546 43	
County Tax	6166 04	
Overlay	3187 53	
		<hr/>
Total		\$119285 05
Estimated Receipts	\$38696 40	
Available Funds	21778 52	
		<hr/>
Total		60474 92
		<hr/>
Net amount to be raised by taxation		\$ 58810 13

The Commissioner's value on Motor Vehicles is incomplete due to the fact all cards have not been received from Boston. Thus, the difference in this year's value on the motor vehicle excise tax.

The Board at this time would like to recommend that the valuation in many instances be equalized, also that property in the town as a whole be revalued. We believe that we are very fortunate being one of the very few towns that have not increased the valuation of taxable property. And we have a very comparable tax rate to towns surrounding us.

Respectfully yours,

EUGENE N. GRAVES

Report of the Public Health Nursing Advisory Committee of Sunderland and Whately

To the Citizens of Sunderland, Whately and Ashfield:

I take pleasure in submitting my fourth annual report of the Public Health District.

Routine work has been carried on throughout the year with the efficient services of Miss Margretta McCann as nurse.

At the annual meeting in April in Sunderland all officers were re-elected—Mrs. Armond LaBelle as vice-chairman in Ashfield and Clarence F. Clark in that capacity in Sunderland. The treasurers of the towns automatically serve as treasurers and their financial accounts will be found elsewhere in the town reports.

At the August meeting in Ashfield it was voted to grant Miss McCann a leave of absence for two months in order that she could accept a \$300 scholarship fund offered by the State Department of Health, for study at UM where a special course was arranged for public health nurses. As only a few were chosen throughout the state, we are indeed fortunate that our nurse was selected.

During her absence, Mrs. Vesta Canney of Whately, a registered nurse was appointed for the nursing duties of the district. This was indeed a wise and satisfactory choice.

The meeting in Whately in December was devoted to discussion of the budget. Miss McCann will again serve at her present salary, but was voted a travelling increase from seven to eight cents per mile.

In closing, I wish to thank the members of the town committees for their splendid co-operation and all who in any way helped at the well-child clinics which were considered quite successful.

Respectfully submitted,

DOROTHY G. STRIPPE,

Chairman of the Public Health District

Appropriations:

Nurse's salary	\$ 900 00
Mileage	115 00
Office rent and telephone	80 00
Clinic	80 00
Supplies	25 00
Emergencies	50 00
	<hr/>
	\$1250 00

Report of the Public Health Nurse

To the Citizens of Sunderland, Whately and Ashfield:

I herewith submit my report as Public Health Nurse for the towns of Sunderland, Whately and Ashfield for the year 1952:

This year I thought the communities would be interested to read the report of visits for two consecutive years, and so I have included the 1951 record with that of 1952:

	1951	1952
Non-communicable disease	513	618
Post-Partum visits	42	64
Under 5 years of age	76	108
Health consultation	169	121
School visits	307	303
Home school visits	65	83
Transportation	19	33
Dental clinics	14	10
Tuberculosis		11
Acute communicable	37	33
Ante-Partum visits	13	20
Not at home	5	19
	<hr/> 1260	<hr/> 1423

It is encouraging to see that the work is expanding. The increase in the number of visits is happening, I think, because more people are aware of the functions of the Public Health Nurse, and also because of the excellent referral system of our physicians. It will be seen that there are quite a number of post-partum visits. New mothers are being kept a short time in hospital and

the doctors in charge of the cases are often very happy to know there is a Public Health nurse in the community to whom the mother can turn for help in the care of the new-born baby and herself.

In Sunderland and Whately 184 visits were paid to patients on Old Age Assistance. In Ashfield, 13 visits were paid to patients in this category. Total fees received from all cases, except Old Age Assistance, amounted to \$212.10.

There were 109 known cases of measles in the three towns, and of these 31 were followed up for after-effects, e. g. sore eyes, sore throat, muscle pains, etc.

The usual Well-Child conferences were held. Dr. Low conducted the clinics in Ashfield and Conway, and Dr. Wallace in Sunderland and Whately. They were very successful and their success was due in great part to the industry of the voluntary workers. The annual Immunization clinics were also held, conducted by Dr. Rice, Dr. Colleran and Dr. Craft. They were well attended and parents are to be congratulated on their realization of the importance of these preventative measures.

At the end of September, the nurse was given permission by the Public Health Nursing District to attend an In-Service Training course at the University of Massachusetts. This is the first time this course has been given in Massachusetts. Lectures were given by eminent educators and field trips were arranged to various hospitals and clinics. The nurse feels very grateful for the opportunity to take part in this course. Her place, during the two months' absence, was taken by Mrs. Byron Canney of Whately, and to her goes a special thank-you for picking up the threads so quickly, and doing such a good job.

To conclude this report, I would like to thank all of you who have helped so generously throughout the year, the superintendents of schools, teachers, doctors, state workers, voluntary workers in the communities, and the Salvation Army.

Respectfully submitted,

MARGRETTA McCANN

Report of the Fire Chief

Board of Selectmen,
Whately, Massachusetts

Gentlemen:

I herewith submit my annual report for the Whately Fire Department for the year 1952. During the year the department had seventeen calls, as follows:

Chimney	4
Grass and brush	4
Mutual Aid	1
Gasoline	1
Electric motor	1
Dump	1
Oil burner	1
Woods	1
Tobacco barn	1
Incendiary	1
Automobile	1

This is five less calls than in 1951.

The emergency vehicle answered four calls, three to hospital and one accident.

The Mutual Aid system, of which we are a member, was called upon to stand by twice during the year. Your department answered no requests under this system.

I would like to recommend that any unexpended balance be appropriated for the Fire Department Reserve Fund as in the past.

Your department had two water holes made this past year with the money allotted for this purpose. It is impossible to provide this service too fast because of the high cost of the equipment to do it. The department also purchased three hundred feet more of one and one half inch hose, and it is recommended that money be made available for another three hundred feet of hose.

Expenditures of the department's appropriation will be found elsewhere in this report.

I would like to take this opportunity to thank the men of the department for their able assistance and cooperation in answering alarms and in attending fires, also all others who assisted in any other way.

As soon as the dial telephone comes into being a new system will be worked out for calling the Fire Department and cards furnished each home with the information.

Respectfully submitted,

EUGENE N. GRAVES,

Chief

Report of Inspector of Animals and Slaughtering

Board of Selectmen:

The annual inspection of animals and barns in 1952 produced the following:

Ninety-three barns housed 947 cattle; 60 horses; 101 swine and 2 sheep.

It was necessary to quarantine one dog. In case of a dog bite, it is asked that a doctor first be called, then that the inspector of animals be contacted.

With the exception of one, the condition of stables and animals was satisfactory.

Respectfully submitted,

ROGER D. KENNEDY,

Inspector of Animals

Report of Moth Superintendent

Board of Selectmen:

Spring scouting for gypsy moth has been done throughout the town.

I have noticed more moths this year than in previous years, and know of similar reports from surrounding towns. The state recommended \$582 for the year 1953.

Several trees were suspected of having Dutch Elm disease. Specimens of these trees were sent to the Shade Tree Laboratories and were verified to be diseased. Therefore they were cut and destroyed, three being on private property and six on town property. The State recommends \$291 for the year 1953.

Respectfully submitted,
MICHAEL F. FARRICK,
Moth Superintendent

Report of the Sealer of Weights and Measures

Board of Selectmen:

During 1952 I inspected and sealed 36 platform scales, 100-5000 lb.; adjusted 3; condemned 1. Also sealed 11 scales under 100 lbs; 10 gasoline meters 1 inch inlet; adjusted 1; sealed 1 oil measuring pump and 1 kerosene measuring pump. Total fees collected and paid over to the Treasurer were \$52.75.

Respectfully submitted,
LOUIS KANDSZ,
Sealer of Weights and Measures

Report of Tree Warden

To the Citizens of Whately:

The devastating storm we experienced last summer made it necessary for the tree warden to devote much time and most of the appropriation to clearing trees and branches from the highways, later removing the badly damaged trees and dangling limbs in the eastern part of the town, which appeared to be the center of the storm.

Most of the work carried out in all parts of the town in conjunction with the work of the Utility companies, consisted of removing trees and branches. There are still more than fifty trees in hazardous condition along the highways and near buildings, and many more along the back roads in the western part of the town that are dangerous to traffic. The work of the Telephone Company in preparing for the new system will add greatly to the safety of our roads for many years.

The tree planting project, made possible by the slightly larger appropriation last year, was put into practice and fifty-one trees were planted to take the place of the many that were removed in the past, giving physical evidence of the desire of our townspeople to maintain the natural beauty of our by-ways, which means so much to us. It is a pleasure to report that citizen cooperation in this phase of work continues, with requests for many more trees to be planted.

For the money appropriated, a great deal was accomplished, and it is hoped that the actions and accomplishments of your

tree warden during the past two years that he has been in office, will inspire your trust and confidence, and a larger appropriation will enable him to complete the work of remedying the ravages of the storm and removing the derelicts of time, in the next few years.

Your tree warden takes this opportunity to express his appreciation for the cooperation and for the willing aid given by many townspeople in an emergency.

Respectfully submitted,

CHESTER F. WROBLEWSKI,

Tree Warden

Report of Library Trustees

To the Citizens of Whately:

The trustees are very much pleased to report having kept within their available funds during the year 1952, and that they are carrying over a somewhat larger balance of trust fund income than last year.

We were unfortunate in having Mrs. MacKay, Chairman, and Mrs. Marion Dickinson, Librarian, on the sick-list during the latter part of the year, but we expect Mrs. MacKay will soon be able to resume her duties with the Board. Mrs. Evelyn Lawrence carried on the Librarian's duties for several months, and we were pleased to obtain the services of Mrs. Ena Cane to continue this work from December 1st on.

The matter of water-seepage in the lower floor has been a serious problem ever since the building was completed, and after considerable delay, we were finally able, with the assistance of the architect, to persuade the contractors to excavate and determine the cause of the condition. It was found that a miscalculation in installing the original drain at the outer walls was responsible, and the contractor agreed to correct the condition at his own expense. The work was completed in the late fall, and the recent rains have indicated that the operation was a success. As our part of the arrangement, we did the necessary re-painting in the interior and the re-setting of the shrubbery in front of the building, at a cost of about \$200.

Although our funds are necessarily limited by the earnings available from investments, we hope to improve the lighting of

the walks and parking space during the year, and purchase more books than in the past. We would be glad to receive suggestions as to books desired so that we may provide them so far as possible.

We sincerely hope that the projected State plan for a regional library system will go through, replacing the present limited book-mobile service and the recently discontinued Western Massachusetts Library Federation, the Marshall Field grant for which has expired. The assistance and services provided are invaluable to the smaller town libraries and everything possible should be done to have the work continued.

Respectfully submitted,

One hundred and sixty seven items concerning veterans and their families were processed during the year. Applications for Veterans' Benefits received numbered two, and both were processed, investigated, and recommendations based on the investigations made to the Commissioner. One permanent case was continued. Eleven documents were photostated, and the machine was in use three times.

Of the items processed, 22 were either draft registrations, or questionnaires or deferments pertaining to the draft.

An intensive effort is being made to compile a complete and accurate list of those who gave their lives during World War II, while serving to the credit of the Town of Whately. At present, not even a partial, unofficial list exists.

Respectfully submitted,

ALEC C. SOKOLOSKI, Director

TEACHERS IN SERVICE

September to December 31, 1952

East School:

r	John D. Collins, Jr., Principal	Grades 7 and 8
t r	Louise E. White	Grades 4 and 5
r	Annabelle Hall	Grades 5 and 6

Center School:

t r	Dorothy P. MacKay, Principal	Grades 1 and 2
t r	Mary M. Powling	Grades 2 and 3

t Tenure, serving at the discretion of the Committee
r Member of Retirement Association

TEACHERS OF SPECIAL SUBJECTS

Isabel B. Montague	Music
Richard E. Gabel	Art
W. L. Rinehart	Handwriting

SCHOOL CALENDAR

1952-1953

1952:

Monday, September 1—Labor Day

Tuesday, September 2—District Meetings in High School.
Principals 10:00 A. M. All teachers 2:00 P. M.

Wednesday, September 3—All schools open at 9:00 A. M. on regular schedule

Wednesday, September 10—All schools closed for Franklin County Fair

Friday, October 10—Franklin County Teachers' Conference.
All schools closed

Monday, October 13—Celebration of Columbus Day. All schools closed

Tuesday, November 11—Armistice Day. All schools closed

Wednesday, November 26—Elementary schools close at noon for half-day; and Deerfield High School at 12:30 for full day attendance. Start of Thanksgiving recess

Monday, December 1—School re-opens

Friday, December 19—Start of Christmas recess. Schools close at end of regular afternoon sessions

1953:

Monday, January 5—Schools re-open

Friday, February 20—All schools closed at end of regular afternoon session for winter recess

Monday, March 2—Schools re-open

Friday, April 3—Good Friday. All schools closed

Friday, April 17—All schools closed at end of regular afternoon session for spring recess

Monday, April 27—Schools re-open

Week ending June 12—Elementary school graduations

Week ending June 19—Deerfield High School graduation

Report of Superintendent of Schools

Charles A. Pielock, Chairman
Whately School Committee

Dear Mr. Pielock:

I hereby present to you and your Committee my twelfth annual report of its kind. It covers the calendar year 1952, with discussions of noteworthy items of that year; it mentions certain prospects of 1953 and it contains certain important data, and is accompanied by specialized reports as those were presented to me.

ENROLLMENT AND PERSONNEL

Ages in Years, as of October 1, 1952

Grade	5	6	7	8	9	10	11	12	13	14	15	16	Grade Totals
1	7	9											16
2		6	13	1	1								21
3			2	9									11
4				10	8	2							20
5					13	6	4	1					24
6						8	4	1					13
7							2	7					9
8								3	8	4			15
Ages Totals	7	15	15	20	22	16	10	12	8	4			129

Secondary school enrollments as of last October 1st were as follows:

School	Gr. 9	Gr. 10	Gr. 11	Gr. 12	Totals
Deerfield High School	8	11	5	2	26
North'm't'n High School	6	4	3	2	15
Smith's Agric. School	1	1	2		4
	15	16	10	4	45

Besides the foregoing day pupils, your jurisdiction extends to (and town funds defray costs for) some few Evening Vocational and Practical Arts instructional courses taken by adults.

It is readily seen that numbers of individuals, for whom tuition is paid out-of-town, are increasing rather than otherwise. Only four pupils are expected to graduate from high school next June, and two from Smith's School,—offset by fifteen pupils in the present Eighth grade.

An unusually high teaching-staff turnover occurred last June when both Mr. Ellis and Mrs. Hogan left Whately employ to join the Orange and Hadley teaching staffs, respectively. We were very fortunate to re-acquire the services of Mr. John D. Collins, Jr., as teaching-principal, and to obtain those of Mrs. Annabelle Hall from Ashfield, both in the East Whately Grammar School. Mrs. Powling was transferred to the Center School.

It was a serious blow to our organization when Mrs. MacKay became unable to re-assume her duties in the Center School,—as her incapacity became extended, it was finally deemed necessary to assign her a leave-of-absence beginning December 1st. We were fortunate in being able to call on Mrs. Dorothy Strippe to take over Mrs. MacKay's duties in the emergency.

SUPPLIES, EQUIPMENT AND FACILITIES

Little need be said concerning school supplies. Textbooks and instructional materials are readily obtainable, but they do continue to advance in cost, owing to higher labor costs mostly.

Our equipment in the schools is improving steadily. The

oil-fuel furnace at the Center School makes for a degree of comfort rarely obtainable with the old set-up there, and we have recently improved the water supply equipment by purchasing a new automatic pump.

At the East School, I had rather expected that we might have to open another classroom last Fall, but such a move became unnecessary by our splitting one grade. I think, now, that we can continue this present set-up next Fall, and thus retain one room as a playroom there.

Transportation facilities are adequate thus far. And they will continue to be so throughout 1953 if we continue to receive the generally-excellent co-operation of parents in not demanding unreasonable service for their children.

G. L. Chapter 71, Section 68 specifies distances beyond which pupil-transportation must be provided as two miles from the school house attended or one mile from an established bus route, and reimbursement is based upon pupils transported who live a mile and a half or more from the school attended. Every effort has always been made to care for the sickly, physically-handicapped, or lowest-grade children, naturally.

Playground facilities are generally good. I wish there were more space at the Center School, though, for the boundaries now include the road sweeping around the north and west sides, and close to the building on the east and the uphill south side. More space on the east side would do wonders, I believe.

On page 79 of last year's Town Report I listed as a MUST project the establishment of a proper sewage system at the East School and a check-up of that at the Center School, and I further recommended these as projects during 1952. Nothing was done during 1952 and I certainly recommend action during 1953 accordingly.

Many items of improvement, in both buildings but particularly at the East School, were attended to in 1952, and more are needed henceforward.

EDUCATIONAL COSTS

The 1953 Estimate exceeds the 1952 School Budget by just over fifty five hundred dollars, an increase of 11.4 per cent. Of

the notably-increased items, the Teachers' salaries item is increased 14.7 per cent, and the High School tuition item by 31.75 per cent.

The Teachers' (salaries) item includes sufficient funds so that if a salary scale (drastically revised from any previous such set-up and under present study by the three committees of Conway, Sunderland and Whately) receives final approval by the committees, its provisions can be met.

Salary revision is very much in order. Currently most large communities start beginning full-time teachers at \$2700.00 per year or more, while only the principals have rated more than that amount yearly in the three towns thus far,—the other teachers are below it, despite their experience and service.

A recent report by the Federal Office of Education in Washington states that this country now lacks 325,000 needed additional classrooms. Since it is obvious that each of those requires a teacher, and that some classrooms will be built, and that teachers are scarce, the relatively few graduates of teacher-training institutions are able to pick and choose their communities, with natural emphasis on the places offering them the greater inducements. It is my firm belief that we now have good and efficient teaching staff members in this Union's schools, and we should strive to maintain high standards.

In the matter of high school tuitions, I am informed that the individual rate at Northampton High School will be increased from its present \$200.00 to \$275.00 per pupil per year beginning next September first. That is a considerable jump, but it is a normal one, with Amherst, for instance, going to \$370.00 as of January first, 1953, for its senior high school, and Arms Academy to \$260.00. Meanwhile Deerfield High School's rate has had a nominal increase to \$209.00 as of January first, 1953.

On the brighter side, study of "School Aid and Reimbursements on Account of Schools" shows that during 1952 a total of \$16,470.10 was received to partly offset that aforesaid Budget total of \$42,614.00,—38.65 per cent.

Pupil-transportation is a costly item, but contracts have to be awarded in accordance with law, and when there is no competition on routes little can be done to lower costs. This year the Northampton route comes up for bids, incidentally.

MISCELLANEOUS DISCUSSIONS

Revision of School Health legislation last year has only emphasized the careful attention given our pupils by Dr. Rice and Nurse Margretta McCann. One interpretation laid down by the State Department of Public Health is of particular interest to parents, since it requires that a physician's examination and certificate must accompany the return to school of a pupil after any absence for illness lasting five days or more.

The inter-elementary school athletic competition in this Union, centered at Deerfield High School, continues to be extremely worthwhile. I think the new gymnasium will improve matters, too.

As our elementary pupil-population increases, we now have one room at the East School currently used for play which can be re-equipped very easily as a classroom when needed. For our further needs in that direction your Committee has consulted the State Building Inspector on the advisability of returning the present lunchroom to classroom use and re-establishing a lunchroom elsewhere in the building.

In the past few reports I have consistently urged that Whately revise its minimum entering age into Grade One to be five years nine months as of October first. That would be then a uniform ruling Union-wide, with the other towns also having recourse to psychometric testing of children just under that minimum, and under-age admission depending on test-results. I do continue to urge that.

RECOMMENDATIONS

1. That there be a sewage-disposal project during 1953 involving a new such layout at the East School and an overhaul of the present Center School system.

2. That the minimum entering age be set at five years nine months as of October first, with just-under-age children admissible upon passing proper psychometric testing.

3. That Whately citizens, particularly parents, visit the schools.

4. That applicants for work certificates appear at my office or the purpose, bringing with them birth certificates and appearing on school days between the hours of 8:45 A. M. and 4:30 P. M. Individuals attending school or working in Northampton may apply at the office of Supt. Barry in the high school there.

CONCLUSION

Nineteen fifty two was a momentous year in the schools. We encountered personnel problems of unusual nature and apparently settled them extraordinarily well; we made repairs which do not seem too apparent, but which have made a lot of difference in school operation, and we seem to have smoothed things out at times when there was potential difficulty.

It is a difficult age, of course. There has been uncertainty in evidence,—boys now in school look ahead to almost-certain military service, and both boys and girls see no great advantage in academic achievement on the relatively simple matter of gaining employment nowadays.

I extend my grateful appreciation to your Committee for its constant co-operation and helpfulness, to the school staff members for their loyalty and consistent achievement, and to all others who have contributed in any way to the well-being of our pupils.

Respectfully and sincerely yours,

SIDNEY OSBORNE

Report of Music Supervisor

Mr. Sidney Osborne
Superintendent of Schools

Dear Mr. Osborne:

I herewith submit my annual report. Last year, from January 14 through May 3, a course on "New Trends in Teaching Music in the Elementary School" was held with Mrs. William B. Scatchard, Associate Professor of Music, Smith College, as the instructor. Your Supervisor availed herself of the opportunity to become acquainted with modern and new trends in this field, and on completing the course felt the effort well expended.

Therefore, may I, at this time give a brief resume of some of the more outstanding thoughts presented.

After giving a general background of the history of music education in Massachusetts the new trend, individual progress over mass progress, was stressed showing that it is not necessary for every child to conform in accomplishments at the end of a given year. In the class room there is need of a good approach and right attitude—let us adjust to the needs of the individual, not pushing but rather leading him to music. Music may also be used as a therapeutic agent, using the music class often during the day as a means of lessening tensions, rather than holding one long period a week to perfect a lesson for the visit of the music supervisor.

Succeeding lessons demonstrated new methods in presenting and teaching Rote-songs, how to work to improve pitch difficulties, though warning was given that it is not so much a question of perfection in singing as the fun which can be derived from music.

Rhythm played an important part in the lectures. The fact that everything in the world has rhythm was clearly demonstrated; by means of the percussion instruments rhythmic skills are developed.

Methods used in music reading were discussed, showing that symbols must be recognized, then memorized, and finally interpreted. This phase of music education should be undertaken only when the child is ready, this premise being contrary to the formalized program of yesteryear.

Appreciation is the sum total. The new trend is to think of music not alone but in respect to the individual listener. Good materials must be available and proper conditions present in the surroundings for satisfactory music appreciation.

This new trend, then, in music education in our elementary schools should be one following a middle course where we have the teacher not imposing herself upon a class, but, rather, leading the individual child at a time when he is ready to acquire skills in music reading, vocally and instrumentally, through fun and an aroused interest.

I should like to express appreciation to all for the usual courtesies extended to me throughout the year.

Respectfully submitted,

ISABEL B. MONTAGUE,

Supervisor of Music

Report of Art Supervisor

Sidney Osborne
Superintendent of Schools
South Deerfield, Massachusetts

Dear Mr. Osborne:

In this, my seventh annual report, I am pleased to state that the Art Program as presented in the Whately schools progresses with the same keen interest shown on the part of the pupils that they have exhibited in the past.

No fundamental changes have been made in the type of problems presented to the different grade levels. However, the interest of both teachers and pupils remains at a higher level if standard problems are presented in a different way each year.

Two projects undertaken in the high school a year ago proved so popular that it seems advisable to consider them as annual projects. I am referring to the trip taken to the Springfield Museums and the art work done especially for the Deerfield Arrow.

Last Spring a special unit on "Drawing What We See" was introduced to all grades from fifth to eighth. This might at first seem not unusual except that at the age level mentioned children are more apt to draw what they know rather than what they see. The aim of this unit was to make the child more aware of his environment and an effort was made to relate this problem to similar problems confronting significant artists of bygone days.

Greater stress has also been placed on cooperative problems in which an entire class will work towards completion of a single art object.

May I again take this opportunity of thanking you, Mr. Osborne, and all members of the school system, for your continued support of the Art program.

Respectfully submitted,
RICHARD E. GABEL,
Art Instructor

Report of the School Nurse

Mr. Sidney Osborne
Superintendent of Schools
Conway, Sunderland and Whately, Mass.

Dear Mr. Osborne:

I herewith submit my report as Nurse to the schools of Sunderland, Whately and Conway for 1952. The number of children attending the schools was 378. There were 240 visits paid to the schools and 62 visits were paid to the homes of sick children.

The incidence of communicable disease was low in comparison to the rate in the larger towns. There were 49 known cases of measles and two known cases of scarlet fever in the schools. Parents who suspect an infectious disease in a child, and have not consulted a doctor, are obliged by law to report to the local Board of Health.

The physical examinations were carried out early in September by Dr. Rice in Conway and Whately, and Dr. Colleran in Sunderland. No serious defects were noted, and follow-up work was done when necessary.

The children were weighed and measured in the Spring and again in September.

Dr. Glade Hall held his annual dental clinics, and was pleased at the condition of most of the children's teeth.

Immunization clinics were held in the schools. Most of the children had booster shots last year, or the year before, so not many needed one this year. These clinics are open to pre-school children from six months of age, and they are very welcome to

attend if they have not already been immunized. A series of three shots is given, about one month apart, against diphtheria, tetanus and whooping cough. Booster shots are also given.

Six children went to Greenfield Health Camp for a three week vacation in the Summer. They loved it!

My thanks go to all those who helped make this year a good one, to you, Mr. Osborne, to the teachers who are all so sincerely concerned in the health of the children in their care and to our co-operative parents.

The thanks of all of us go to the Salvation Army for its generosity when we are in need of financial aid.

Respectfully submitted,

MARGRETTA McCANN,

School Nurse

Report of School Physician

Superintendent of Schools
Whately, Massachusetts

Dear Sir:

Routine physical examinations of the pupils of the Whately schools have been completed. Defects have been reported to the parents.

In general I believe the health of the school children to be satisfactory. No major epidemics have been encountered. The hot lunch program is of great value.

Sincerely,

KENNETH H. RICE, M. D.,

School Physician
